

*Spend less time getting there,
more time **BEING THERE** because...*

BEING THERE
with SkyShare® is your competitive advantage.

With fractional aircraft ownership through SkyShare®, you can fly directly where you want, when you want. The time you save and the hassles you avoid can translate to important competitive advantages for you and your company.

Now shared ownership with SkyShare can reduce the initial investment and annual fixed cost of aircraft ownership by up to 75 percent, making private aircraft travel more accessible and more affordable for new levels of travelers - those who previously found private aircraft travel too costly or complicated.

For more information about how you can make *being there* with SkyShare your competitive edge, call now or visit our
