Your Path To A Brighter Future

A State Educational & Financial Assistance Program

“Arkansas Career Pathways is a dream come true for me and my family.”

Do you struggle to provide the things your family needs and deserves?

Arkansas Career Pathways can help.

Arkansas Career Pathways (Pathways) is a new program that enables your local two-year college to offer those

who qualify free career training and college classes. But that's not all. In addition to free training and college classes, the Pathways program may be able to help you overcome the barriers that have kept you from getting the training

and education you need.

Need child care? Pathways may be able to provide for child care.

Gas costs too much? Don't have a car? Pathways may be able to help with transportation.

"Now I can go to school and get a better job in just a year or two."

Worried about finding a job when you're done? Pathways may help you find a new job.

Don't know where to start? Pathways will provide you with a career counselor to help you choose classes, get enrolled, find child care, secure transportation, and many other things to help you.

Pathways will not affect other services you receive from the state.

It's simple. If anything is stopping you from getting the training and education you need, call Pathways to see if you qualify for help.

Call Today Toll-Free: 1-866-375-PATH (7284) or visit www.arpathways.edu

Your local two-year college offers a wide variety of career programs, some of which can be completed in less than a year. You can start preparing for a higher paying career today.

Pathways will help you learn to fill out job applications, dress for an interview, or complete your GED requirements. You can also get higher levels of training that can help you get a better-paying career like nursing, emergency medical technician, or medical transcription.

Your Path To A Brighter Future

Or you can become a computer operator, automotive mechanic, or teacher. Ever thought about becoming a welder, office administrator, or industrial maintenance professional? Pathways can help you prepare for any of these jobs which are currently in high demand.

"I now have no excuse for staying out of school."

You can even earn your first two years toward a college degree in any field you choose. The opportunity is there. The possibilities are unlimited.
